# IBM SERVICES

The screenshot displays the IBM Cloud Dashboard. At the top, a dark navigation bar includes the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Mohamed Arsath's Acc...). Below this, the main dashboard area is titled 'Dashboard' and features a sidebar with various service icons. The central content area, labeled 'For you', presents a series of recommended actions: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Set up your IBM Cloud account' (Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), 'Create an OpenShift cluster' (Deploy apps on highly available clusters with Red Hat OpenShift on IBM Cloud), 'Use Text to Speech' (Convert written text into natural-sounding audio in a variety of languages and voices with Text to Speech), and 'IBM Watson Catalog' (Help you easily find and understand your data through enterprise governance). Each recommendation includes a 'Getting started' button and a time estimate. At the bottom, there are sections for 'User access' (Manage users), 'News' (IBM Tech Now: November 7, 2022), and 'Planned maintenance'.
